

Friendship Insider Iss. 85 - Collective Winning

March 15, 2021

Learning Model: In Person w/Remote Option

Hello Friendship Academy Families,

Ujima is focused on collective responsibility while Think Win-Win is focused creating a third way where everyone wins. Putting these two principles together leads to us collectively winning. Winning is not just for an individual, but for the collective. Those that win realize it is a team effort and want the win to be given to the collective effort. Focusing on winning collectively not only helps individuals reach their goals but the community. How will you help other scholars, team members, and families win this week?

Thank you so much for your partnership. #friendshipstrong
